in partnership with **SWETS**

Cross-publisher package

A single license negotiation for hundreds of high quality titles from a host of well respected publishers

No embargoes
Subject-specific collections available
Back file access from 1997
Special consortia prices

If the hassle of dealing with complex e-pricing models and multiple publishers is preventing you from getting the content you need, then the ALPSP Learned Journals Collection (ALJC) in partnership with Swets is your solution.

What is the ALJC?

The ALJC is a cross-publisher package of e-journals that offers you the chance to acquire high quality content from a wide range of publishers in a straightforward, direct and affordable way. The 2010 ALJC contains 824 titles from 48 highly respected smaller and medium-sized publishers.

How is it structured?

You can choose to subscribe to the complete collection or choose one (or more) of the subject-specific packages available in the following fields:

1. Archaeology & History
2. Law
3. Life Sciences
4. Linguistics & Arts
5. Medicine
6. Religion & Philosophy
7. Science
8. Social Sciences
9. Technology

The ALJC offers an umbrella license with one straightforward pricing model. Your end-users are given instant access to the ALJC through SwetsWise Online Content, Swets' e-journal gateway, and the SwetsWise interface itself offers easy search and browse facilities to access the most extensive multi-publisher collection of e-journals available.

What are the benefits of the ALJC?

- **Cross-publisher package:** A unique and straightforward way to acquire a wealth of content from multiple publishers
- **Value for money:** An affordable and flexible solution offering key, high quality electronic content
- **Simplicity:** A single order, license, pricing model, invoice and point of contact
- **Current content:** No embargoes
- **Back file access from 1997**
- **Instant Access:** Access activated within 24 hours
- **Multi-year license agreements:** Fixed annual price increase
- **An initiative of smaller and medium-sized publishers**
- **Special consortia arrangements available**

What does it cost?

You are required to maintain the value of pre-existing subscriptions. In addition to this, an 'E-Access' Fee is required to gain access to the whole collection.
